

# EDF Energy Annual Consumer Complaints Handling Report from 1 October 2018 to 30 September 2019

We try our best to provide excellent service for our customers – but if you have a complaint we want to know about it. We're here to help.

We solve the majority of complaints the same day as they are received. However, between 1 October 2018 to 30 September 2019, we received 204,538 complaints from domestic customers that we couldn't resolve by the end of the next working day.

We take every complaint we receive seriously and work with our customers to deal with them quickly and in a satisfactory way.

You can obtain a copy of our complaints handling procedure by contacting us on 0333 200 5100 or you can download a copy from the following link: [Making a Complaint booklet\\*](#)
